In today's global economic environment Shering's determination to remain as the world's number one on quality and technology has been achieved by focusing 100% on the four cornerstones - Integrity, Quality through strength, Design excellence and Value.

Shering Weighing - Weighbridges, Platform Scales ...

The invisible hand describes the unintended social benefits of an individual's self-interested actions. Adam Smith first introduced the concept in *The Theory of Moral Sentiments*, written in 1759, invoking it in reference to income distribution. In this work, however, the idea of the market is not discussed, and the word "capitalism" is never used. By the time he wrote *The Wealth of Nations* in ...
